No market reports are available today because of the stock exchange in San Francisco being closed, on account of the primary election in California.

BAKER'S SPEECH TRAVELS FREE

War Department Envelopes Are Used to Distribute Copies of Convention Address

SAN FRANCISCO, Aug. 31. Republican scouts throughout the west are gathering in copies of the address of Newton D. Baker, secretary of war, delivered at the Democratic state convention at Columbus, Ohio, August 16, following the discovery that advance copies of this speech were sent broadcast in the official war department envelope carrying the Franklin privilege and marked Official Business.

The New York Sun and Herald discovered the most recent act of distribution of the speech at the expense of the national taxpayers. In its exposure of the use of the official envelope for the New York newspaper, it is a case of a flagrant violation of the law and is offering evidence of the use of the official envelope for the purpose of distributing the speech in one corner. War Department, Office of the Secretary, Washington, Official Business. In the other corner was the inscription: "Penalty for private use to avoid payment of postage \$300."

Up to date, nothing has been found in the envelopes in which Secretary Baker's Ohio Democratic convention speech was carried but the speech itself. In addition to this plan to circumvent the public expense, western Republican leaders point out the psychology of the official envelope, declaring that the official envelope itself incites more attention being paid to its contents than if carried in the ordinary stamped envelope.

Western Republican leaders also point out that this and similar flagrant violations of the law may be responsible in a measure for the unusual delays in mail deliveries of late years.

SUICIDE SURVEY MADE IN WEST

California Statistics Prove Only One-third as Many Women Kill Selves as Men

(By Associated Press) SACRAMENTO, Cal., Aug. 31. Only one-third as many women as men commit suicide, according to a survey of California vital statistics made by L. E. Ross, statistician of the state board of health. The survey was for the period beginning January 1, 1911, and ending December 31, 1919. During that period 7801 persons died in California by their own hand.

Suicide by firearms, Ross found, was the most used method, accounting for 45 per cent of the total. Poison was next and asphyxia third. The suicide rate among orientals was greater than any other race and the average age of all persons who died by their own agency was 42 years, which, Ross pointed out, was eight years under their life expectancy as shown by insurance tables.

CRUMLEY STANDING BY ORIGINAL WAGER

According to word received here from J. Grant Crumley, he is standing by his original proposal to wager \$2500 that the run from San Francisco to Tonopah cannot be made with one man and one car in 12 1/2 hours, but refuses to ride, according to the conditions specified in the supposed acceptance of the wager by the H. O. Harrison company of Reno, distributors of the Essex car. It would appear that Mr. Harrison was trying to dog the bet when he made any such conditions, as Mr. Crumley points out that his original proposition said nothing about riding in the car attempting to make the run in the specified time.

ELKS' DANCE ON WEDNESDAY NIGHT

What promises to be one of the most enjoyable dances of the early fall season is that which will be given by the Tonopah lodge of Elks at its home, on Wednesday evening, September 1. The affair is for the Elks and their friends; and the best of music has been provided, assuring an enjoyable time for all who attend.

ELKS DEFEATED BY BISHOP TEAM

Eddie Prout Pitches Wonderful Ball But Errors Lose Sunday's Game

The Tonopah Elks met the Bishop team Sunday in one of the fastest baseball games of the season, and it was a pitchers' battle from the start, with Eddie Prout, Tonopah's leading pitcher, shutting out Bishop for six innings and having 12 strike-outs to his credit, only to lose out in the ninth when Bishop scored three runs on errors. Twice during the game when Bishop had three men on the bases, Prout struck out the next three men.

At the end of the eighth Tonopah was leading by the score of 3 to 2, and it looked as though the local team would be returned the winner. The whole team was complimented on the great showing made by them. Brock Murphy was the hitting star of the day, getting three hits. He also prevented two runs when he made a sensational running one-hitter catch in the seventh inning. Doyle, Tonopah's new catcher, played a great game behind the plate and is improving each game. The Tonopah infield played big league ball, and the whole team are on their toes for the series to be played here next Sunday and on Labor Day. The committee was around today making arrangements for a big time for those two days. Two hundred persons from Bishop will arrive here Saturday night, also Round Mountain and Manhattan people will be here. The Tonopah players Round Mountain and the winner of this game will play Bishop for the championship, an overtime round for a big time and come out and put for Tonopah. They also will be experts for the children.

THERMOMETERS MAY SAVE FRUIT

Inaccuracy of Weather Instruments Leads to Testing Bureau in Los Angeles

(By Associated Press) LOS ANGELES, Aug. 31. Inaccurate thermometers have caused citrus growers as much loss that the Los Angeles chamber of commerce, according to the Earl A. Carpenter, of the department of meteorology and aeronomy of that institution, has decided to open a new department where the instruments may be tested.

The chamber has received from Washington, D. C., a thermometer which was in the testing room six months. With this as a standard, instruments sent in by citrus growers will be tested for each degree from 4 to 100. The variance at each point will be noted and recorded for the benefit of the grower.

It is said the chamber will be the only station outside of Washington, D. C., where this service is given, and it is expected many growers throughout southern California and perhaps in other sections of the state will take advantage of it.

The loss of an entire crop may result from the faith of the grower in a thermometer which is registering freezing point when it may be colder," said Dr. Carpenter.

PREPARATIONS FOR PRIMARY ARE MADE

Ballot boxes are being prepared today for the coming primary election, and those for the southern part of the county will be taken out tomorrow by Sheriff John Barrie. Later in the week they will be taken to the eastern and northern part of the county and distributed in the different precincts in Tonopah.

PICNIC FRIDAY AT ALKALI SPRINGS

The Presbyterian Sunday school picnic will be held at Alkali Springs on next Friday. Cars are needed to take the children to and from the springs. Anyone who will help in this is asked to telephone Rev. H. L. Grahams.

CHARLES KEATING, of Round Mountain, is a business visitor in the city today.

CONGRESSMAN C. R. EVANS, of Goldfield, is spending a few days in the city on political business.

CHARLES W. ALVORD is in the city on business today from Big Pine.

MR. McMAHAN, of Nyala, is spending a few days in Tonopah attending to business matters.

ENEMY ALIENS LIKE AMERICA

Many Germans and Austrians Await Treaty of Peace to Come Here

(By Associated Press) WASHINGTON, D. C., Aug. 31. Many Americans of German or Austrian descent throughout the United States are constantly inquiring of any source of information whether the time has yet arrived when their relatives and friends in these countries can come to America and what restrictions are imposed upon such immigration.

Those who appeal to the state department have been informed that citizens of Germany and Austria may obtain admittance to the United States only through circumstances of "compelling appeal," under regulations laid down by that department. They are told that wartime restrictions against enemy aliens still hold good and that Germans and Austrians must apply to American diplomatic or consular agents abroad or to the state department direct for visa of passports permitting temporary admission to this country. Under unusual circumstances the passports may be continued indefinitely after the aliens reach the United States. Only 52 Germans and 53 Austrians were admitted to this country in 1919, the first year following the world war.

REPRESENTATIVE OF RED CROSS IN CITY

Miss Fern V. Wilson, representative of the Pacific branch of the American Red Cross, is in the city conferring with the board of directors of the local chapter in reference to its future work. It is probable that a drive for members will be put on in this city later in the fall to aid the chapter in carrying on the work which it is planning.

Labor Day Dance at the Airdome September 6. adv-A31-5t.

A Word to the Voters

On Tuesday September 7th the Republican voters of Nye County will be called upon to select a candidate for Sheriff and Assessor choosing between Mr. A. S. Putney and myself, during the coming week I will be busy meeting the voters of the outside precincts, and am leaving the closing days of this campaign in Tonopah to my friends. In closing the campaign I am free to state that I have not and will not resort to any mud slinging, and I have but the kindest feeling for my opponent. I am not obligated to any man or set of men.

If I receive the nomination on September 7th of which I feel very confident, I will then take up with all the voters of Nye County the leading issues regarding the enforcement of law and order in this county, in which I believe the sheriff's office should be a leader, and I feel that after a thorough campaign between now and November 2nd with all issues being discussed, that Nye County will be served by a Republican Sheriff who will fill the office without fear or favor for the coming two years.

In closing I ask that the Republican voters look into my record while Chief of Police of Tonopah for four years, also my record as a resident for the past twelve years, if these two are favorable then give me your support, and if successful I will promise to live up to my oath of office and give the people of this county every possible protection against lawlessness and disorder.

W. B. EVANS

Adv. A31-6t.

AMUSEMENTS

MARY MILES MINTER AT THE BUTLER THEATRE TODAY

Mary Miles Minter's latest photodrama, "Jenny Be Good," which will be the principal attraction at the Butler theatre today, is from the pen of Wilbur Finley Faulstich.

The story deals with a little girl, Jenny Riano, who is cared for by her old grandmother. She meets and secretly marries Royal Renshaw, the son of parents who have social aspirations. They learn of his secret marriage and at once set about to part the young couple. Jenny, through their influence, has the marriage annulled, and Royal, due to the deception of his family, marries Jolanda, a debutante of the smart set. There are many contrasts of the vices and virtues of the common people with that of the so-called aristocracy, and the gripping story is relieved by a vein of fine humor. Mary Miles Minter as the heroine is supported by a cast which includes Margaret Shelby, Catherine Wallace, Fanny Cosmar, Maggie Hallock, Fanny Fisher, George Pike, Jay Belasco and other prominent artists of the screen.

CALIFORNIANS FORM REPUBLICAN CLUBS

SAN FRANCISCO, Aug. 31. C. G. Johnson, state leader of republicans and measures, has sent out letters to leading Scandinavians of California looking toward the formation of Swedish, Norwegian and Danish Republican clubs. Johnson points out that Scandinavians usually are Republicans in their partisan sympathies. It is expected that Republican clubs will be organized in all Scandinavian communities to include 30 per cent of the Scandinavian population in the state.
